

**WOOD GROUP LIGHT INDUSTRIAL TURBINES**  
**ENERGY SUPPORTING ENERGY**

## ENGINEERING & PROJECT MANAGEMENT

### ADVANCED PARTS MANUFACTURE

**APM**<sup>®</sup>

Over 15 Years in Manufacturing  
Over 250,000 Parts Sold

Repairs & Used Parts

Over 200,000 Parts in Stock

### ON-SITE SERVICES

Fleet Maintenance

Troubleshooting & Training

Exchange & Lease  
Equipment

### REPAIR & OVERHAUL SERVICES

Solar & Siemens  
Product Capabilities

Engines, Compressors,  
Controls & Ancillaries

Full Performance Testing

**WOOD GROUP LIGHT INDUSTRIAL TURBINES (WGLIT) PROVIDES INDEPENDENT SERVICE SOLUTIONS FOR LIGHT INDUSTRIAL GAS TURBINES AND OTHER HIGH-SPEED ROTATING EQUIPMENT USED IN THE GLOBAL OIL & GAS, POWER AND INDUSTRIAL MARKETS.**

### **FIELD SERVICE & SUPPORT**

Our teams of multi-disciplined, specialist engineers and technicians are on call 24 hours a day to support installation, start up, on-site maintenance, personnel training and troubleshooting. Our ability to immediately dispatch personnel and materials ensures minimal down time for our clients.

### **COMPLETE PARTS SOLUTION**

Our own manufactured **APM**® parts include hot section blades, nozzles, nozzle segments, turbine discs, and compressor blades. These together with third party parts, repairs and used serviceable stock, enable us to offer a complete parts solution to our customers on most of the Solar and Siemens (Alstom/Ruston) product ranges.

### **REPAIR & OVERHAUL CAPABILITIES**

Our modern 47,000sq ft ISO 9001-certified Houston facility offers a wide range of services, including repair & overhaul of gas and power turbines, boost compressors, parts assemblies and associated ancillary equipment, including controls. Fast turn times and extensive exchange equipment options are available on demand.

**WGLIT HAS A POOL OF IN-HOUSE RESOURCES — PEOPLE, FACILITIES AND TECHNICAL CAPABILITIES — ALL ONE HUNDRED PERCENT DEDICATED TO SUPPORTING THE MAINTENANCE NEEDS OF LIGHT INDUSTRIAL TURBINE USERS.**

**FLEXIBLE CONTRACTUAL ARRANGEMENTS**

All of our products and services, and those of the wider Wood Group, can be supplied on a stand alone or integrated basis, including call off master agreements, risk/reward sharing, performance contracts, and full fleet maintenance models.

**PACKAGE REFURBISHMENT AND EQUIPMENT SUPPLY**

We buy and sell equipment on our own behalf and for our customers. We also refurbish compressor and generator packages and provide temporary power and compression solutions on a lease basis.
